

OBJECTIVES: Recruit and support diverse students to improve access to and deliver effective, inclusive, equitable, and compassionate health care. Prepare future entry-level occupational therapists to provide distinct value through occupation-based, evidence-based, and client-centered practice in all settings. Lead excellence in interprofessional health care practice through service, teaching, and scholarship. Advocate for the occupational therapy profession and for the clients and families we serve.

EDUCATION

Ed.D. (2004) in Educational Administration, Tennessee State University with emphasis in higher education.

M.Ed. (1979) in Educational Psychology, University of Washington, Seattle, with specialization in measurement, evaluation, research design, and statistics.

B.S. (1975) in Occupational Therapy, University of Wisconsin, Madison. Graduated with distinction.

Initial Certification in Occupational Therapy: 6/26/1976 through AOTA/NBCOT

PROFESSIONAL EXPERIENCE

8/10/2018 to Present---Director, Master of Occupational Therapy Program, Department of Health Professions, College of Health and Behavioral Studies, James Madison University, Harrisonburg, Virginia.

Practice: Advocacy on the Faith in Action (Harrisonburg and Rockingham County) team. On the core team for Beth El Congregation in conducting focus group meetings to identify key factors influencing participation in the community for the population, including transportation issues in the county that impede access for under-resourced populations, including factory workers and individuals with disabilities.

1/2010 to 8/10/2018—Director, Master of Occupational Therapy Program (MOT), Dr. Pallavi Patel College of Health Care Sciences, Nova Southeastern University, Fort Lauderdale, FL. Manage students, adjunct faculty, resources, and the program to succeed compliance with accreditation standards. Collaborate with Chair to mentor, manage, and evaluate faculty. Promote ongoing enhancement of MOT program based on program evaluation processes to improve student outcomes and satisfaction. Developed an online survey system for pre-professional development activity tracking and reflection, program Backstage Pass, and co-developed virtual asynchronous interviewing procedure for admissions.

11/2016 to 9/2017—Interim Managing Director, Department of Occupational Therapy, Dr. Pallavi Patel College of Health Care Sciences, Nova Southeastern University, Ft. Lauderdale Campus. Manage budgets and facilities, program directors, faculty, and staff personnel. Lead processes to improve program quality, promote leadership among faculty, create policies and procedures that promote a student-centered environment,

and facilitate collaboration between occupational therapy programs in the department. Lead Disability Task Force to forge collaboration between chairs and program directors in the College who serve as points of contact for students served by the Health Professions Division Student Disabilities Services office. Respond to college, university, and outside requests for analyses related to accreditation processes. Served on College of Health Care Sciences Administrator Promotion Committee.

6/2004 to 8/10/2018—Associate Professor, Occupational Therapy Program, Nova Southeastern University.

Teaching: Impact of Context and Environment on Occupational Performance (lead instructor), Program Evaluation and Outcome Measurement (Dr. OT course), and Doctoral Capstones. Guest lecture in other courses, including Professionalism and Management, Professional Seminar and Professionalism and Leadership. Former courses: Occupational Performance through the Lifespan, Practice with Older Adults. *University service:* chair of student recruitment and volunteer experiences (dept.). *Practice:* Volunteered as OT practitioner on the Broward County Hoarding Task Force, providing education and consultation to Broward County and to City of Pembroke Pines Focal Point/Social Services. Member of the NSU interprofessional fall prevention clinic providing screening and client education about fall risk and prevention, including adaptation, task and home modification as part of interprofessional free clinic. Instructed students who volunteered in the clinic. *Since 2006*, I have been a caregiver for an adult, advocating for care, navigating home assessment and modification, functional mobility, community mobility, assistive devices, transitioning to different facilities, providing direct care, interfacing with insurance and the legal system, etc.

6/2007 to 7/2008—PRN occupational therapist, HCR ManorCare Healthcare Services, Plantation, FL.

Performed evaluations, provided interventions, supervised COTAs in skilled nursing and intermediate care facility.

9/1990 to 5/2004—Faculty, Occupational Therapy Program, Tennessee State University. Interim Program Director, 2003-2004. Academic Fieldwork Coordinator, 1990-1995.

Promoted to Assistant Professor in 1998 and awarded academic tenure in 1997. *Teaching:* Collaborated to develop didactic courses, fieldwork programs, and program policies in preparation for initial accreditation of entry-level bachelors' program in occupational therapy. Taught numerous courses in evaluation and intervention for individuals with physical disabilities, normal development and aging, pediatrics laboratory, documentation, and pathophysiology for occupational therapy students. Developed hybrid and problem-based learning courses. *University Service:* participated on various department, college, and university-wide committees for promotion and tenure, faculty development, admissions, and faculty and administration selection.

1993 to 1996—Part-time staff therapist, NHC Healthcare, Murfreesboro, TN.

Perform evaluation, treatment, consultation, staff, and student supervision, at various sites in Middle Tennessee.

1986 to 1990—Director of Occupational Therapy, Rehabilitation Systems of TN for Bethany and Trevecca Health Care Centers, Nashville, TN.

Developed and managed staff of two occupational therapy departments in long term care and extended rehabilitation facilities. Developed group maintenance programs for restorative feeding and swallowing disorders and reducing hand contractures. Performed patient evaluations and supervised certified occupational therapy assistant for nursing home and affiliated home health agency.

1984 to 1986, and 1990--Adjunct Clinical Instructor, Occupational Assistant Program, Nashville State Technical Institute.

Instructed and supervised occupational therapy students in fieldwork experiences.

1982 to 1986—Senior Therapist, Department of Rehabilitation Services, Baptist Hospital, Nashville, TN.

Supervised occupational therapy staff, performed in-service training, and patient consultation. Developed dysphagia and facial paresis rehabilitation programs for patients with skull base tumors, and other neurological disorders. Co-developed the Tennessee Dietetic Association Dysphagia I and II diets. Performed instrumental swallowing assessments with physicians and staff in medical imaging department. Assisted with development of rehabilitation unit. Performed evaluation and treatment of patients in intensive care, acute care, and rehabilitation units.

1982 to 1983—Research Assistant, Pediatric Primary Care Clinics, Vanderbilt University Medical Center, Nashville, TN. Implemented subject recruitment protocols for pediatric asthma clinical trials.

1981 to 1982—Staff Occupational Therapist, Northwest Hospital, Seattle, WA.

Provided patient evaluation and treatment, family education, in-service training, and student supervision in rehabilitation center.

1980 to 1981—Occupational and Physical Therapies Department Head, United Cerebral Palsy Residential Center, Seattle, WA.

Supervised professional and technical staff, and students. Participated in and provided transportation for hippotherapy and aquatic therapy programs for developmentally disabled adults. Managed providers to maintain and upgrade residents' durable medical equipment. Provided direct services to residents.

1979 to 1980—Research Analyst, Department of Health Services, School of Public Health and Community Medicine, University of Washington, Seattle.

Developed instruments, pretested subjects, abstracted data, conducted computerized statistical analyses, and drafted reports for research on adults with chronic disabilities.

1978 to 1979—Teaching Assistant, Research Assistant, Department of Educational Psychology; Occupational Therapy Consultant, Department of Special Education, both at University of Washington, Seattle.

1977 to 1978---Occupational Therapist, Washington Elks Therapy Program for Children, Inc., Auburn, WA.

Performed school-based and home-based therapy in southwest Washington State. Consulted with teachers, aides, parents, and other therapists. Conducted screening, evaluation, and treatment.

GRANTS

2012-2013 Dorne, R., Ito, M., & Whitehead, D. (2012). *South Florida Home Health Professionals Hoarding Encounter Study*. College of Health Care Sciences/College of Nursing Faculty Research & Development Grant (funded).

2008-2015 Member of GREAT Geriatric Education Center at Nova Southeastern University, Health Professions Division. Represented discipline of occupational therapy in grant activities and presented at GEC conferences. Developed geriatric OT module, provide continuing education programs, including online video presentations, on geriatric practice in occupational therapy, including Interprofessional presentations on fall prevention, environmental modification, and hoarding. (Grant fundee)

2005-2006 Principal investigator on *Balance Broward: An Interdisciplinary Fall risk Identification and Prevention Program for Older Adults*. Recipient of the Faculty Community-Based Applied Research Grant/Quality of Life Council Award.

1996-1998 Co-investigator on American Occupational Therapy Foundation funded grant; Case-based learning in occupational therapy: a multiple-case study of student and faculty perceptions. A phenomenological study involving four sites with students enrolled in a problem-based learning seminar.
