

ATHLETIC TRAINING

at

JAMES MADISON UNIVERSITY®

ELEVATING THE STANDARD

PRIDE IN OUR PROFESSION

Athletic trainers are highly qualified, multi-skilled health care professionals who collaborate with physicians to provide preventative services, emergency care, clinical diagnosis, therapeutic intervention and rehabilitation of injuries and medical conditions.

CELEBRATING THE PAST

The JMU athletic training program celebrates a rich history of preparing athletic training professionals in their accredited undergraduate program since 1982

97% first time pass rate on the Board of Certification® Exam during the last 6 year period

36 years of professional affiliations placing JMU students in the athletic training workforce

Engaged learning with opportunities in community and civic engagement

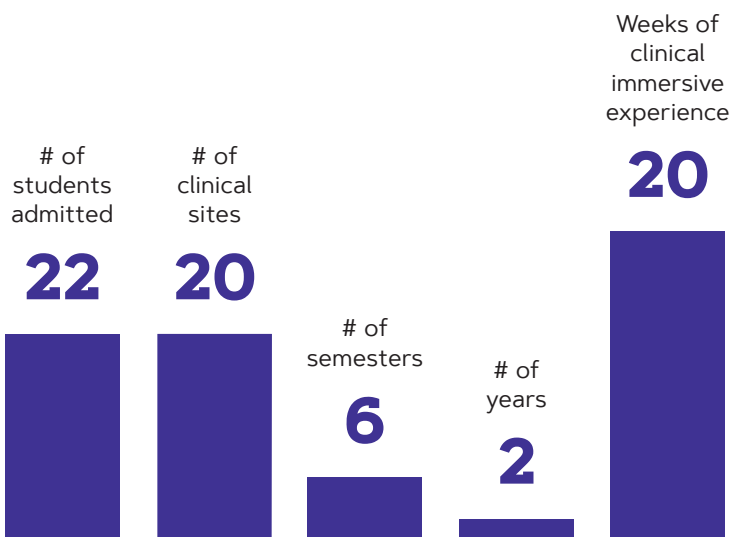

EXPANDING THE FUTURE

- Master of Science in Athletic Training (MSAT) established **MAY 2020**
- Enhanced course work in clinical cadaver anatomy, orthopedic examination, and evidence-based practice to meet the needs of tomorrow's clinician
- Expanded practice skills to meet advanced professional expectations including cardiac and respiratory compromise, joint reduction, wound closure, and contemporary concussion care
- Innovative patient care experiences using high fidelity simulators and standardized patients for engaged learning
- Exemplary educational spaces including a dedicated athletic training classroom and laboratory boasting advanced technologies and simulations to transform didactic and clinical education
- Immersive education in and beyond the classroom, including community engagement, study abroad, and immersive clinical experiences

ACHIEVE YOUR DREAM

- Complete a bachelor's degree of your choice
- Complete the pre-requisite coursework outlined on our website
- Submit your admission application via the Athletic Training Centralized Application System (ATCAS) and The Graduate School
- Earn admission to the MSAT through a competitive admission process
- Graduate from our accredited professional athletic training program
